SUMMARY

Seeking a cybersecurity intern or entry-level position where I can utilize my skills in ethical hacking, digital forensics, and embedded security to contribute to the protection of modern digital systems. I am a dedicated and hardworking student currently pursuing B.E. in Cyber Security. I have completed an internship at CYFOTOK Infosec LLP and developed a mini project titled Steganography-Based Data Leak Detection System. I am eager to learn new technologies, face real-world cyber challenges, and grow professionally while contributing to the success of the organization.

EDUCATION

2022-2026

Mahendra Engineering College Namakkal

BE Cyber Security

2020-2022

Seventh Day Adventist Matric Higher Sec School , Melur ,Madurai

HSC Biology maths

SKILLS

SKILLS

: C, python, java ,Problem-Solving,Logical & AnalyticalThinking ,Linux

CERTIFICATIONS:

- EC COUNSELING (Digital forensics Essential)
- EC COUNSELING (Ethical hacking Essential)
- EC COUNSELING (Network Defense Essential)
- CISCO Ethical Hacking

PROJECT

steganography based on data leak detection system

Technologies used: Hashing,Authentication framework,Flask, Watermarking ,Deployment.

- Developed a system using steganography to prevent and detect data leaks.
- Embedded unique identifiers in files to trace unauthorized sharing.
- Enhanced data security and accountability in digital communication.
- Helps identify the exact source of a leak if data is misused.

PROFESSIONAL EXPERIENCE

CYFOTOK Infosec LLP - intern

Coimbatore AUG 2024-SEPT 2024

I have completed my internship at CYFOTOK Infosec LLP, Coimbatore, where I was involved in understanding real-time industry workflows, participating in technical discussions, and supporting project-related tasks.
